

PRIVACY POLICY

Privacy

As a fellow Internet user myself, I respect your online privacy. I am committed to safeguarding your online privacy while you're here on my website, which is why I've included the following, which discloses the information gathering and dissemination practices of The Brunette Salad.

Log Files

Like most standard websites, this website uses log files. These include: Internet Protocol addresses (IP addresses), browser type, Internet Service Provider (ISP), referring/exit pages, platform type, date/time stamp, and the number of clicks to analyze trends, administer the site, track user movement in the aggregate, and to gather broad demographic information for aggregate use. IP addresses, etc., are not linked to personally identifiable information.

Web Cookies and Beacons

Web cookies (also known as HTTP cookies, or just cookies) are parcels of text that are sent by a server to a Web browser, and then sent back unchanged by the browser each time it accesses that server. In other words, a cookie is a piece of data stored on a user's computer that is tied to information about the user.

This website does use cookies. Additionally, some of my business partners (for example, advertisers) may use cookies and web beacons as well. This site has no access to, or control of advertisers' web cookies or web beacons.

If you wish to disable cookies, you may do so through your individual browser options. Please check your browser's help section for instructions on how to do this.

Links

This website contains links to other websites. Please be aware that I am not responsible for the privacy practices of other websites. I encourage you, when you leave this website, to read the privacy policy (or privacy statement) of each and every website you visit, as this particular privacy policy applies solely to this particular website.

Advertisers

I sometimes use outside advertising networks and companies in order to display ads on this site. These ads may contain cookies and/or web beacons in order to collect data in the ad serving process. These such cookies and/or web beacons are collected by the companies and/or advertising networks themselves. I do not have any access to this information.
